NAME	POSITION	JUSTIFICATION
<div data-bbox="73 1045 362 1087" style="background-color: black; width: 178px; height: 20px;"></div> 25X1A9a	Chief, BW-CW Branch, ASD/SI	<p>Knowledge of Soviet BW activity and facilities has expanded since TALENT data became available, and may be expected to expand even more through intensified effort.</p> <p>This TALENT clearance is essential to provide the effort and coverage necessary to bring about maximum information on Soviet BW activities.</p>
<div data-bbox="73 1335 308 1398" style="background-color: black; width: 145px; height: 30px;"></div> 25X1A9a	Analyst, Ground Weapons, ASD/SI	<p>Soviet development of all ground weapons (i.e. army type) including athodyd ammunition, anti-aircraft artillery, and unguided rockets, are responsibilities of the Applied Science Division. Location of firing ranges for testing weapons of these types is considered a positive key toward identifying research, development, and production effort underlying these as well as other advanced weapons.</p> <p>This TALENT clearance is considered essential not only to permit <div data-bbox="1222 1650 1349 1682" style="background-color: black; width: 78px; height: 15px;"></div> to perform intelligence investigation, but because one of his duties is to provide CIA liaison with the Department of the Army on weapons. He will be in a position to deal with Army personnel in the TALENT channel.</p>
